

GROW YOUR CAREER WITH US

Cresscenza
Promoting knowledge & growth

Cresscenza aims to impart useful skills and knowledge through niche and skill-specific courses, courses that will be immensely helpful to employers and employees alike.

ABOUT CRESSCENZA

At Cresscenza, we endeavor to provide high quality training and education and strive to reduce the gap between the education and the corporate industry.

Our tagline "**For the industry, by the industry**" reiterates our aim to provide industry-specific courses delivered by industry experts themselves, thereby helping students and professionals learn from their experience and expertise.

WHY STUDY PHP?

7th most popular programming language, according to IEEE.org.

Currently one of the primary web languages.

Runs on 80% of the world's web servers.

Over 8,238 jobs created every year, reports by twitter's article.

Used by 81.7% of all websites, according to w3techs.com

Ranked as the 3rd most popular language by Industry analyst RedMonk.

Over 900,000 software developer jobs posted in 2010 according to the Bureau of Labor Statistics, with an expected increase of 30% by 2020.

Featured in 7% of adverts with an average salary of \$75,000USD.

"The programmers of tomorrow are the wizards of the future"
